Dear Commissioners:

The undersigned are the owners of Meridian Ranch located in Section 13, T2S, R7E, Maricopa County. We are in the process of developing the Meridian Ranch and require water utility service. I am aware that H2O, Inc. is seeking to provide water utility service to our property. I fully support H2O, Inc.'s request to serve our property. It is important to the Meridian Ranch development that the Commission ensure that adequate water utility service be provided in a timely manner. Therefore, the Commission should not delay certifying this area and decide the matter in conjunction with the above-referenced dockets. I strongly urge the Arizona Corporation Commission to approve H2O, Inc.'s request and do so as quickly as possible. Thank you for your consideration.

Sincerely,

Dear Commissioners:

I am the owner of Home Place, located in Section 28, Township 2 South, Range 8 East, Pinal County. The Home Place development will require water and wastewater utility service in the near future. I know that several water utilities are seeking approval to serve Home Place. I wish to express my concerns over Diversified Water Utilities, Inc., and express my support for H2O, Inc.

I am aware that a significant number of Diversified Water Utilities' customers have expressed serious concerns with the company's ability to provide quality water utility service. In response to these problems, various landowners have petitioned Pinal County to create a water improvement district to ensure that Diversified's service area is not expanded. Although Home Place is willing to be included in the district, I would prefer that the Commission include Home Place within H2O's certificated area.

It is important to the Home Place development that the Commission ensure that adequate water and wastewater utility service be provided in a timely manner. Including Home Place within the CC&Ns of H2O, Inc., and Johnson Utilities, L.L.C. provides the certainty we require by ensuring that the Home Place development will be served by quality water and wastewater service providers. I strongly urge the Arizona Corporation Commission to include Home Place within the CC&Ns of H2O, Inc., and Johnson Utilities, L.L.C and do so as quickly as possible.

Thank you for your consideration.

Sincerely,

Jim Wales
